

Opportunity Scholarship

Club MAP (Mentorship to Achieve Progress) invites junior and senior high school ELD students to apply for this Opportunity Scholarship. Applicants will be asked to discuss challenges that they have faced and how they have overcome them. Winners will be selected based on improvement throughout their courses, which will be demonstrated by their transcript and ELD teacher's recommendation.

Scholarship recipient will be awarded **\$150** to be used towards college preparation materials, including books and college application fees. This scholarship also includes a **free summer tutoring course in Math, English, or any other subject**, courtesy of our sponsor, A+ Tutoring Center. This tutoring package is worth over \$500.

Program Description and Purpose

Club MAP was founded in 2006 by a group of UC Irvine college students with the mission to develop a yearlong enrichment program that will help English limited students become more competitive applicants for college. Through after school workshops and presentations, we hope to help English limited students become more involved, practice their English, and gain self-esteem. Our club and its activities give ELD high school students an opportunity to come together, interact, and learn from each other and from us as well.

What makes our club unique is that our scope goes beyond plain academic tutoring in that we want to mentor students, build a bond with students through a yearlong enrichment program, and help acquaint them with their options and possible college routes. Although there are academic counselors and career counselors available, however most ESL students are usually shy and are not as outspoken, hence do not receive as much attention and we, as mentors, want to provide them that attention, motivate them, and help them develop a career or education plan.

The club has now taken on a more supportive role by offering students this Opportunity Scholarship to further their educational pursuits.

Application Process:

Applicants must complete the application form below and submit an official transcript. Applicants will also be required to provide their ELD teacher's contact information on the application as a reference. Completed applications must be postmarked by February 15th, 2010. Winners will be notified by the end of November. If you have any questions about the scholarship, please contact us at clubMAP@gmail.com. For more information about Club MAP, please visit us at www.clubmap.org.
